THE ICE ON WHYTE FESTIVAL "IN YOUR TOWN"

BRINGING WINTER MAGIC TO YOUR COMMUNITY

WINTER AHOY!

Our team is ready to set sail

As the winter season approaches we at the Ice on Whyte Festival Society are reaching out to say hello and let you know that we are ready for 2020/21. Our team has been retooling and formatting our "In Your Town" program to suit the needs of these unprecedented times.

We believe that It's more important than ever to have reason to get outside and explore the magic of winter; and it is our mission to bring communities together to celebrate winter safely.

Rest assured, we are ready, willing and more than able to deliver spectacles to delight and brighten your community during these short days of winter.

The Ice on Whyte Festival Society, founded in 2003, has been offering fun-filled winter programs delivered in communities across Central and Northern Alberta since 2014. We pride ourselves on bringing the very best of winter wonder to life.

“

Great staff, professional and great PR with the event participants.

Town of Fairview

WHAT WE CAN OFFER YOUR TOWN

- Demonstration carvings
- Ice Slides
- Snow mazes
- Lil'Chipper's carving program
- Customized Ice sculptures

*See the following pages for more info

"IN YOUR TOWN" OFFERINGS

Demo Carvings

Talented artists from our team will come to your community and carve ice and/or snow sculptures live. We bring all the tools, ice and equipment to create a safe and spacious environment in which folks can watch and interact with the artists as they work. Your community only needs to provide access to electricity and water.

Lil' Chippers

Bring your community the opportunity to create their own small ice carving to take home or put on exhibit at your event. Children (of all ages) will receive instruction in ice carving basics and be shown how to turn a small block of ice into their own work of art with a template and chisel. The program comes complete with 2 instructors, carving ice, chipper tables, tools, safety equipment and tents. Your community provides access to electricity and a minimum of 2 to 3 volunteers to assist with the program delivery.*We've modified our tables to be more spacious allowing more elbow room while conforming to health guidelines.

Magic Ice Slide

Always a hit, our team will build a slide to suit your location and budget. From small to humongous, simple to elaborate, we'll work with you to deliver a slide that will have people sliding the winter away in merriment. Your community provides a skid steer with snow bucket, forks and an operator as well as access to electricity and water for up to 5 days.

Snow Mazes

A beautiful and playful way for people to interact with snow. We can create mazes to fit your space and budget with carvings, slides, windows and more. Minimum size of Maze for proper spacing is about 32' by 32'. Your community provides a skid steer with a snow bucket and an operator as well as access to electricity and water for up to 4 days.

Ice Sculpture

Looking to enliven your community space this season? The commissioned ice sculpture is the option for you. Tell us what you want, where you want it and when, we'll do the rest. What's more, this offering allows people optimal time and space for viewing, meaning safety and comfort for your community members. We love to collaborate and are ready to bring your vision to life.

Prices range as the size and complexity of the piece increase. Your community provides access to power and water.

Starting price for a single block carving - \$900

3 block carving - \$1600 +

Contact us for more info and options.

Pricing*

Ice Carving demo - \$2200+

Lil Chippers - \$2500+

Ice Slide - \$7000+

Snow Maze - \$7000+

*The posted prices are estimates only. They do not include accommodation or travel costs.

All of the program menu items outlined are customizable. Our team will collaborate with you to find the right option that will fit your budget, your safety regulations, and bring real winter magic to your community. And should you have a vision for something you didn't see here, let us know, we are ready to get creative with you.
